WILSON Company Profile

Headquartered in Winnipeg Canada, Wilson Auto Electric has been in business for over 70 years and is the largest independent North American manufacturer and re-manufacturer of alternators and starters for the automotive, agricultural, industrial, heavy duty truck and marine aftermarkets. For seven decades, Wilson Auto Electric has produced electrical components that meet or exceed OE specifications.

Wilson not only offers the highest quality products, but Wilson's 6,500 products are available from over 14,000 outlets in North America. In addition, our world-class customer service and technical support is available to ensure your installation is error free.

When you purchase Wilson Alternators and Starters, you are backed by a long tradition of excellence. To find out more about Wilson, visit our website at www.wilsonautoelectric.com or call us at 866-694-1360 in the US or 877-480-4034 in Canada.
